§ 1

1. The public limited company is called

Aurubis AG

and is based in Hamburg.

2. The duration is not limited to a certain time.

§ 2

1. The object of the Company is the production of precious and non-precious metals from concentrates and other metal-bearing starting materials, the treatment of resulting by-products and the production of chemical and metallic products in addition to the development of corresponding technology and its utilisation, including the planning and construction of industrial plants, as well as the execution of all connected business.
2. The Company may acquire, establish or invest in other enterprises in Germany and abroad. It shall be authorised to conclude agreements for joint ventures and other agreements on profit distribution with other companies.

§ 3

Announcements by the Company shall be made only in the Federal Gazette inasmuch as the law does not stipulate otherwise in particular cases.

II. Subscribed capital and shares

§ 4

1. The subscribed capital shall amount to € 115,089,210.88 (in words: one hundred fifteen million eighty-nine thousand two hundred and ten 88/100 EURO) and shall be divided into 44,956,723 (in words: forty-four million nine hundred and fifty-six thousand seven hundred and twenty-three) no-par-value shares.
2. The Executive Board shall be authorised to increase the subscribed capital of the Company until the end of 16 February 2027, subject to the approval of the Supervisory Board, by issuing a total of up to 8,991,344 new no-par-value bearer shares once or in several instalments for a cash contribution or a contribution in kind up to an amount of € 23,017,840.64 (“Conditional Capital 2022”).

The Executive Board is only authorised to utilise the 2022 authorised capital in the maximum amount of 20 % of the subscribed capital at the time this authorisation becomes effective or – if this value is smaller – at the time this authorisation is exercised. This upper limit of 20 % of the subscribed capital shall take into account those shares that are issued or are to be issued in order to service convertible bonds and/or bonds with warrants (or profit participation rights and/or participating bonds with a conversion right, option right, or conversion obligation, or the company’s right to offer), or a combination of these instruments (referred to in the following as “bonds”) from conditional capital, provided these bonds were issued during the term of this authorisation. The upper limit reduced pursuant to the previous sentences of this paragraph will be increased again when a new authorisation pursuant to Section 202 or Section 221 of the German Stock Corporation Act (AktG) (in connection with conditional capital pursuant to Section 192 of the German Stock Corporation Act (AktG)) passed by the Annual General Meeting following the reduction goes into effect, provided that the new authorisation is sufficient, but up to 20 % of the subscribed capital pursuant to the guidelines of sentence 1 of this paragraph.

The shareholders shall always be granted a subscription right. The new shares can also be acquired by one or more credit institutions or one or more companies working in accordance with Section 53 (1) sentence 1 or Section 53b (1) sentence 1 or (7) of the German Banking Act with the obligation of offering them to shareholders for subscription. However, the Executive Board is authorised, subject to the approval of the Supervisory Board, to exclude shareholder subscription rights once or on several occasions. Such exclusion is only possible

- a) inasmuch as it is necessary to exclude subscription rights for possible fractional amounts.

- b) up to an arithmetical face value totalling € 11,508,920.32, if the new shares are issued for a contribution in kind.
- c) for capital increases against cash contributions up to an arithmetical nominal value totalling € 11,508,920.32 or, if this amount is lower, by a total of 10 % of the subscribed capital existing when this authorisation was exercised (the “maximum amount”), if the issuing price of the new shares is not significantly lower than the price of company shares in the same category on the stock exchange at the time when the issuing price is finally fixed. The share capital accounting for the shares (i) that are or will be issued to service bonds with conversion or option rights and/or conversion or option obligations from conditional capital, provided that these bonds were issued in commensurate application of Section 186 (3) sentence 4 of the German Stock Corporation Act (AktG) during the period of this authorisation excluding the subscription rights, or (ii) that are issued or sold during the period of this authorisation excluding the shareholder subscription rights pursuant to or in accordance with Section 186 (3) sentence 4 of the German Stock Corporation Act (AktG) should be counted towards the aforementioned maximum amount. The upper limit reduced pursuant to the previous sentences of this paragraph will be increased again when a new authorisation to exclude shareholder subscription rights pursuant to Section 186 (3) sentence 4 of the German Stock Corporation Act (AktG) passed by the Annual General Meeting following the reduction goes into effect, provided that the new authorisation is sufficient, but up to 10 % of the subscribed capital pursuant to the guidelines of sentence 1 of this paragraph.
- d) up to an arithmetical face value totalling € 11,508,920.32, inasmuch as it is necessary to grant holders or creditors of bonds issued by the Company or companies dependent on or directly or indirectly majority-held by the Company a subscription right for new shares to the same extent as they would be entitled after exercising the option or conversion right and/or fulfilling option or conversion obligations as a shareholder.

The total shares issued without a subscription right against a cash contribution and/or a contribution in kind in the case of capital increases due to the authorisations to exclude the subscription right pursuant to items a) to d) may not exceed 10 % of the subscribed capital, neither at the time the authorisation goes into effect nor – if this value is lower – at the time it is exercised. Shares of the Company (i) that are issued during the period of this authorisation excluding the shareholder subscription right from other authorisations and (ii) that are or will be issued from conditional capital to service bonds should be counted towards the aforementioned 10 % limit, provided that the bonds were issued during the period of this authorisation excluding the shareholder subscription rights. The upper limit reduced pursuant to the previous sentences of this paragraph will be increased again when a new authorisation to exclude shareholder subscription rights passed by the Annual General Meeting following the reduction goes into effect, provided that the new authorisation is sufficient, but up to 10 % of the subscribed capital pursuant to the guidelines of sentence 1 of this paragraph.

The new shares created on the basis of the 2022 approved capital are entitled to participate in profits from the beginning of the fiscal year in which they are created, and for all subsequent years; deviating from this, the Executive Board can establish, to the extent legally permitted and subject to the approval of the Supervisory Board, that the new shares are entitled to participate in the profits from the beginning of the fiscal year for which there is no resolution adopted about the use of unappropriated earnings yet at the time of the capital increase.

Furthermore, the Executive Board shall be authorised, subject to the approval of the Supervisory Board, to define the other details of the capital increase, in particular the rights of the shares and the terms of issue. The Supervisory Board shall be authorised to amend the version of Section 4 of the Articles of Association after the full or partial increase of the subscribed capital to accord with the particular utilisation of the authorised capital and/or after expiry of the period of authorisation.

3. To service the convertible bonds, bonds with warrants, profit participation rights, and/or participating bonds (or combinations of these instruments) (referred to collectively in the following as “bonds”) issuable on the basis of the authorisation resolution under Agenda item 6 of the Annual General Meeting on 17 February 2022, conditional capital will be created.

The subscribed capital shall be conditionally increased by up to € 11,508,920.32 by issuing up to 4,495,672 new bearer shares without a nominal amount (no-par-value shares), each with notional interest in the subscribed capital of € 2.56 (Conditional Capital 2022).

The conditional capital increase will only be carried out to the extent that the holders or creditors of bonds that are issued or guaranteed by the Company or by dependent companies or companies directly or indirectly majority-held by the Company based on the authorisation resolution by the Annual General Meeting on 17 February 2022 utilise their conversion or option rights and/or fulfil conversion or option obligations from such bonds or, to the extent that the Company grants Company shares instead of paying the cash amount due, and to the extent that conversion or option rights and/or conversion or option obligations are not serviced by own shares, shares from authorised capital, or other payments.

The new shares will be issued at the conversion or option price that will be established in accordance with Agenda item 6 letter b) cc) by the participants of the Annual General Meeting on 17 February 2022. The new no-par-value bearer shares shall be entitled to participate in the profits from the beginning of the fiscal year in which they come into existence through the exercise of conversion or option rights, through the fulfilment of conversion or option obligations, or through their granting instead of the payment of the cash amount due, and for all subsequent fiscal years. To the extent legally permitted, the Executive Board can establish, subject to the approval of the Supervisory Board, that the new shares are entitled to participate in the profits from the beginning of the fiscal year for which there is no resolution adopted about the

use of unappropriated earnings yet at the time conversion or option rights are exercised, conversion or option obligations are fulfilled, or the shares are granted instead of the cash amount due.

The Executive Board is authorised, subject to the approval of the Supervisory Board, to define the further details of how the conditional capital increase shall be performed.

The Supervisory Board is authorised to amend the version of Section 4 (1) and (3) of the Articles of Association in accordance with the respective issuance of new no-par-value bearer shares and to make all other related amendments to the Articles of Association that only relate to the wording. The same applies if the authorisation to issue bonds with warrants or convertible bonds is not exercised after the authorisation period expires or if the conditional capital is not utilised after the deadlines for exercising option or conversion rights or for fulfilling conversion or option obligations have expired.

§ 5

1. The shares shall be made out to the bearer.
2. The Executive Board shall, in agreement with the Supervisory Board, decide the form and contents of the shares, profit appropriation coupons and talons.
3. The shareholders' right to have their shareholdings recorded in a certificate shall be denied.
4. The Company is entitled to send shareholders information by way of remote data transmission pursuant to the stipulations of § 30b paragraph 3 German Securities Trading Act (WpHG).

2. In the event of differences of opinion in the Executive Board, inasmuch as the Law does not stipulate that voting must be unanimous, the majority of votes shall decide, even if a member of the Executive Board has been appointed Chairman of the Executive Board. If such a Chairman has been appointed, his vote shall be the casting vote in the event of a tie.

§ 7

1. The Company shall be represented by two members of the Executive Board or by one member of the Executive Board together with a procurator. The authority of the Executive Board to authorise two procurators together to legally represent and sign on behalf of the firm shall not be changed as a result.
2. Deputy members of the Executive Board shall have equal authority compared with the ordinary members of the Executive Board as regards power of attorney.

IV. The Supervisory Board**§ 8**

The Supervisory Board shall consist of twelve members, six members of the Supervisory Board representing the employees, whose election shall be conducted in accordance with the 1976 Law on Co-determination, and six members of the Supervisory Board representing the shareholders, who are elected at the Annual General Meeting.
2. The period of office of the Supervisory Board shall last until the Annual General Meeting has ended in which the resolution has been passed to approve the actions of the Supervisory Board for the fourth fiscal year after the election of the shareholders' Supervisory Board members; in doing this, the fiscal year in which the vote takes place shall not be included. [At the time the vote takes place, the Annual General Meeting may determine a shorter period of office for any or all of the members of the Supervisory Board to be elected.](#)
3. Each member of the Supervisory Board can resign from office by sending his resignation in writing to the Chairman of the Supervisory Board or, in the event of the latter being prevented from attending the meeting, to his Deputy giving one month's notice.
4. The shareholders can elect deputies for the Supervisory Board members whom they are to elect at the Annual General Meeting. A deputy member can also be elected for several Supervisory Board members. The election and the legal status of deputies for the Supervisory Board members elected by the employees shall be in compliance with the regulations of the Law on Co-determination.
5. If one of its members resigns before the end of the period of office, the new member elected to replace the outgoing member shall have a period of office limited to the remaining period of office of the outgoing member.

§ 9

1. Immediately after the Annual General Meeting in which all the shareholders' Supervisory Board members are to be newly elected, a Supervisory Board meeting will be held to which there will not be a special invitation. At this meeting, initially under the chairmanship of the oldest member of the Supervisory Board, the Supervisory Board shall elect for the duration of the period of office of the Supervisory Board in accordance with the procedure laid down in the Law on Co-determination
 - a) a chairman and his deputy
 - b) the other two members of the committees formed in compliance with Section 27 paragraph 3 of the Law on Co-determination.

The period of office of the Chairman and the Deputy Chairman shall correspond to their period of office as a member of the Supervisory Board, unless a shorter period of office is determined at the time of their election.

2. If, in the course of the period of office, the Chairman or his Deputy resigns from office, the Supervisory Board shall elect replacements without delay.

§ 10

The Chairman of the Supervisory Board, or in his absence his Deputy, shall send invitations to the Supervisory Board meetings giving two weeks' advance notice. The period for calling the meeting can be shortened in urgent cases or with the agreement of all the Supervisory Board members. The items on the agenda shall be submitted with the invitation. Supervisory Board meetings can be called in writing, telegraphically, over the telephone, by facsimile message, as a telecopy, by telex or in another comparable form using the technical facilities of modern data transfer.

§ 11

1. Members of the Supervisory Board can authorise other members in writing to submit their written votes at a Supervisory Board meeting.
2. Resolutions should only be passed on items on the agenda which have been announced in the invitation. Deviations from this procedure shall be acceptable if no member raises objections.
3. The resolutions of the Supervisory Board shall be passed with a simple majority of the votes submitted, inasmuch as no other majorities are mandatory by law.

The Chairman shall stipulate the course of the meetings and the voting method. In the event of equal votes, the vote shall be repeated if requested by a member of the Supervisory Board. In the event that the new vote results in a tie again, the Chairman can have a second vote by law. 4. Minutes shall be made of the Supervisory Board meetings which the Chairman or, in the event of his being prevented from attending the meeting, the Deputy Chairman shall have to sign.

Resolutions passed outside of the meetings shall be permitted in the form of written circulars, by facsimile message, by telephone, as a telecopy, by telex or in another comparable form using the technical facilities of modern data transfer (e.g. video conference calls) if no objections to this procedure are raised by a member of the Supervisory Board within a reasonable period before the arranged date or the scheduled technical connection. The directives as regards the passing of resolutions in meetings apply accordingly.
6. In other respects, the Supervisory Board shall establish its rules of procedure itself. Apart from the committees listed in Section 9 paragraph 1b, it can form further committees and – insofar as is permissible by law – give them the power to make decisions. Inasmuch as a Chairman of the committee has been elected, the Supervisory Board can grant him the casting vote.
7. Declarations of intent of the Supervisory Board shall be submitted in the name of the Supervisory Board by the Chairman or, in the event that he is prevented from attending the meeting, by his Deputy.
8. The Supervisory Board shall stipulate that certain types of business may only be carried out with its agreement.
